# Marsh Match Day Checklist Guidelines

This checklist is a basic pre-game inspection tool that helps to identify safety concerns and record your actions on match day.

## What Are You Looking For?

The Checklist is a visual inspection tool only.  
It will help you to identify safety concerns, such as:

### Extreme Weather

for example lightning, heat, rain, lack of visibility (fog), etc.

### Playing Surfaces

for example holes, cracks, debris (glass, syringes), etc.

### Game Formats

as per AFL "Laws of the Game" [www.afl.com.au](http://www.afl.com.au)

### Hazards

on or near pathways, exits or change rooms such as debris, protrusions, etc.

### First Aid

including qualified personnel, first aid kits, ice, etc.

### Other Factors

such as sun protection, spectator behaviour, signs, etc.

**Important note:** If safety concerns cannot be addressed to an acceptable level, the checklist should not be signed. Play should not commence until conditions are acceptable to both teams.

## ACTION STATIONS

Safety concerns should be addressed to an acceptable level and recorded before you start play. Here are some examples of actions you might take:

- Control/reduce the risk with caution signs, witches hats, roping off hazards, modifying the rules/game, etc.
- Avoid harm by removing the risk/hazard/object from the area, delay/postpone the game, etc.
- Transfer responsibility by written notice to players, spectators, the Council or the Insurer. Ultimately, this should be done prior to game day.
- Accept and monitor when there is little chance an incident will occur. All safety concerns should be monitored throughout the day.

## Duty of care

Clubs owe a duty of care to players, spectators and volunteers on match day. Insurance cover may not exist for clubs and/or officials who show deliberate negligence or disregard for these responsibilities.

## Signing the checklist

Some people view the formal nature of signing a document relating to risk and insurance as formidable. This is simply not the case and if a reasonable attempt to identify risks has been made then no concern is warranted. If reasonable care has been taken to provide a safe environment then signing the checklist puts the club in a strong position to demonstrate it has complied with its duty of care.

- **If the conditions are not safe ...** and can't be made safe for play, then it may be negligent to start playing. To play in these conditions is placing the club in a poor position to demonstrate any duty of care has been complied with.
- **If something happens ...** and the checklist has been used properly and signed, the club remains in a strong position to demonstrate it has complied with its duty of care to provide a safe environment.
- **If the checklist isn't signed ...** and play commences in what appears to be normal conditions and an accident occurs resulting in serious injury, the club is in a poor position to demonstrate it has complied with its duty of care.
- **The basic message is ...** the club and its members, including the signatories, are in a better position if they complete and sign the checklist.

## Protecting club officials

Legislation and insurance exists to protect club officials who complete the checklist, thereby demonstrating they have complied with their duty of care.

## Insurance

An important part of your public liability insurance is that your club supports the use of match day checklists. By addressing risk before matches commence, you can reduce your club's exposure to injuries and/or legal action. Recording your actions on the checklist may also assist in the defence of legal action against your club.

## When should the checklist be completed?

You should complete the checklist before the first match of the day.

If conditions change, the checklist should be reviewed again (even if the checklist has been completed earlier).

## Storing completed checklists

Marsh recommend original checklists are retained on file by the Home club (or association where required) for a minimum of seven (7) years for future reference.

## INTERCHANGE

The team sheet **MUST** list the players participating in the game including the three (3) (or more) interchange identified with (Int) next to their name, as well as other Officials that are required to be listed on the Team Sheet. The game must begin with the named interchange players off the field.

No changes can be made to the team sheet once it is submitted to the Match Manager. Once the match has started, interchange of players will be permitted but those players are required to cross through the marked interchange area. This includes teams interchanging during the intervals (quarter, half or three-quarter time), although these interchanged players are not required to cross through the "marked lines". Clubs must advise the Interchange Steward of the numbers of those players who will commence the next quarter on the interchange bench.

Interchange stewards who note a player leaving the field outside the marked lines must notify the Field Umpire and the following shall apply (AFL Law 7.2);

- (i) The field Umpire shall stop the play at the first available opportunity.
- (ii) A field umpire shall award a Free Kick to the nearest Player of the opposing team; and
- (iii) A Fifty Metre Penalty shall then be imposed from the position where the Free Kick was awarded.

If the player is taken from the playing ground on a stretcher (AFL Law 7.3) he may leave the field outside the interchange lines but when returning to the field of play it must be through the interchange area.

Players must not enter the arena during the course of the game other than through the "marked lines" for interchange.

Players who do not return to participate in the remainder of a match must have their number recorded with the Interchange Steward.

Should the Interchange Steward observe the teams being lined up for the purpose of a team count, he should attend to assist the Field Umpire if required.

If a player is shown any card by the central umpire, the player's number and the time the card was shown must be recorded on the interchange sheet. The player must leave the ground via the "marked lines".

Player's leaving the ground under the "blood rule" should also be noted.

Breaches of any of these instructions must be noted on the Sheet.

## 7. INTERCHANGE

### 7.1 INTERCHANGE STEWARD – APPOINTMENT AND DUTIES

A Controlling Body may appoint two Interchange Stewards to officiate during a Match. The Interchange Stewards shall:

- (c) report to the field Umpire any infringement by a Team of this Law 7.

### 7.2 PROCEDURE FOR INTERCHANGE

The following procedure shall apply to the interchange of Players during a Match who are listed on the Team Sheet:

- (a) unless Law 7.3 applies, the Players intending to interchange shall leave and enter the Playing Surface through the Interchange Area;
- (b) where a Player does not leave or enter the Playing Surface as specified under Law 7.2(a), the Interchange Steward shall report the breach to a field Umpire and the following shall apply:
  - (i) the field Umpire shall stop play at the first available opportunity;
  - (ii) a field Umpire shall award a Free Kick to the nearest Player of the opposing Team; and
  - (iii) a Fifty Metre Penalty shall then be imposed from the position where the Free Kick was awarded. For the avoidance of doubt, Law 7.2 operates in conjunction with Law 5.5 where a Team has more than the permitted number of Players on the Playing Surface.

### 7.3 USE OF STRETCHER

#### 7.3.1 Health and Safety of Player

Any Player who is injured during a Match and who, in the opinion of a doctor, trainer or Official, requires the assistance of a stretcher, shall be attended by the Team's training staff and a stretcher as soon as possible so as to ensure the health and safety of the Player.

### 7.3.2 Procedure

Where a stretcher is required, the following procedure shall apply:

- (a) upon being advised or noticing that a Player requires a stretcher, the field Umpire shall stop play at the earliest opportunity and unless a doctor considers or it is apparent that it is unsafe to do so, the Player should be removed from the Playing Surface on the stretcher by the shortest possible route and taken directly to their Team's change rooms;
- (b) a Team may replace the injured Player with a Player listed on its Team Sheet, who must enter the Playing Surface via the Interchange Area;
- (c) the Interchange Steward may allow the Player who is replacing the injured Player to enter the Playing Surface before the injured Player is removed from the Playing Surface;
- (d) once the injured Player has been removed from the Playing Surface, the field Umpire shall recommence play as follows depending on the circumstances:
  - (i) where the football was in dispute at the time play was stopped, by throwing up the football;
  - (ii) where the football was Out of Bounds at the time play was stopped, by directing the boundary Umpire to throw the football in;
  - (iii) where a Player had possession of the football at the time play was stopped, by awarding a Free Kick to the Player; and
  - (iv) where a Player had been awarded a Free Kick or a Mark at the time play was stopped, by allowing the Player to dispose of the football;
- (e) a Player for whom a stretcher was called shall not resume playing for a period of 20 minutes (excluding intervals between quarters) from the time when the Player left the Playing Surface. After the 20 minute period has expired, the Player may be interchanged in accordance with the procedure set out under Law 7.2 provided the Player is able, having due regard to their health and safety, to resume playing in the Match; and
- (f) where a stretcher enters the Playing Surface but the Player elects to walk off, all provisions of Law 7.3.2 apply but the Player may go to the Interchange Bench.

## 7.4 BREACH OF LAW 7

The Interchange Steward or field Umpire, as the case may be, shall advise the Controlling Body of any breach of this Law 7.

## 7.3 USE OF STRETCHER

### 7.3.1 Health and Safety of Player

Any Player who is injured during a Match and who, in the opinion of a doctor, trainer or Official, requires the assistance of a stretcher, shall be attended by the Team's training staff and a stretcher as soon as possible so as to ensure the health and safety of the Player.

### 7.3.2 Procedure

Where a stretcher is required, the following procedure shall apply:

- (a) upon being advised or noticing that a Player requires a stretcher, the field Umpire shall stop play at the earliest opportunity and unless a doctor considers or it is apparent that it is unsafe to do so, the Player must be removed from the Playing Surface on the stretcher by the shortest possible route and taken direct to their Team's change rooms;
- (b) a Team may replace the injured Player with a Player listed on its Team Sheet, who must enter the Playing Surface via the Interchange Area;
- (c) the Interchange Steward may allow the Player who is replacing the injured Player to enter the Playing Surface before the injured Player is removed from the Playing Surface;
- (d) once the injured Player has been removed from the Playing Surface, the field Umpire shall recommence play as follows depending on the circumstances:
  - (i) where the football was in dispute at the time play was stopped, by throwing the football;
  - (ii) where the football was out of bounds at the time play was stopped, by directing the boundary Umpire to throw the football in;
  - (iii) where a Player had possession of the football at the time play was stopped, by awarding a Free Kick to the Player;
  - (iv) where a Player had been awarded a Free Kick or a Mark at the time play was stopped, by allowing the Player to dispose of the football.
- (e) a Player for whom a stretcher was called shall not resume playing for a period of 20 minutes (excluding intervals between quarters) from the time when the Player left the Playing Surface. After the 20-minute period has expired, the Player may be interchanged in accordance with the procedure set out under Rule 7.2 provided the Player is able, having due regard to their health and safety, to resume playing in the Match;
- (f) Where a stretcher enters the Playing Surface but the Player elects to walk off, all provisions of law 7.3.2 apply but the Player may go to the Interchange Bench.

The Interchange Steward or field Umpire, as the case may be, shall advise the Controlling Body of any breach of this Law 7.
